

## UK trains

---

### **"Association of Train Operating Companies"**

It's a body which represents around 24 train operating companies that provide passenger railway services on the privatised British railway system.

### **Welcome on-board!**

Train Companies run many different types of trains across the rail network, offering a range of facilities. All trains are totally non-smoking and offer Standard seating.

Some trains offer additional facilities such as:

- First Class seating
  - Catering
  - WiFi
  - Seat reservations
-
