

The Swiss Travel System is the brand name for the entire range of Swiss public transport services available to foreign visitors. All trains, Postbuses and ships on lakes and rivers-and even the buses and trams in urban areas - are part of the Swiss Travel System.

A selection of all-in-one tickets, exclusively for our visitors, gives access to all these services. The Swiss Pass is our top offer, and enables visitors to travel free of charge on the Swiss Travel System's entire network for periods ranging from four days to one month. Just imagine-unrestricted travel from the airport railway station to right up into the mountains and back again! We also have a selection of other tickets for visitors with different requirements.

For more information please refer to the appropriate product fact sheet.

- **FLYRAIL BAGGAGE**

From any airport around the world, your baggage travels directly to your railway station in Switzerland via Zurich or Geneva Airport. No matter which airline you fly. This means you arrive at the airport and your baggage is automatically forwarded to your destination station. This way, you don't lose any time waiting for your suitcase.

The baggage (max. 32 kg per item) may not contain any goods received or purchased abroad (including duty-free quantities). Bulky items such as bicycles, surfboards, etc. cannot be transported.

For more information please refer to Fly Rail baggage PFS
